BOARD REPORT 5-4-2020

Things are going smooth, no major issues or breakdowns to report. Crews have been busy patching street cuts, mowing, picking up yard debris, and general maintenance.

The new lawn mower is scheduled to be here today or tomorrow.

The F450 is scheduled to have the new bed installed around May 13th (it was delayed at the factory due to the virus shutdown)

Arexco is scheduled to start construction on the East St./Hillside drainage project on or around May 11th pending a signed easement from one last homeowner.

Thank you and as always if you have any questions just call me,
Tony R. Floyd
